Cloud Plans – Full Comparison

Plan	Storage	Devices	Support
Basic	100 GB	3	7 days
Standard	300 GB	5	Weekdays
Plus	1 TB	5	Weekdays
Pro	2 TB	20	7 days

M: Please look at the printed comparison of four cloud plans while I go through it. Notice that the cheapest plan is not the worst value: per gigabyte it beats the one above it. Support hours matter too: only two of the four include weekend support, and one of those is the cheapest.
